Re: April to July Trimester 2020 Opening date and Registration

Our Continuing Student

Greetings to you. We hope and pray that you are well during these difficult times. As you are aware, the University suspended face-to-face interactions to avoid the Coronavirus associated risks and conform to Government directives.

We are happy to inform you that the April trimester commences on **27th April 2020**. kindly note:

1. The January-April Trimester exams are postponed until normal university learning resumes.
2. The University has made arrangements for distance learning methods of curriculum delivery to ensure that your time for completion of programme is not unnecessarily prolonged. We shall revert to the usual interactions when the current situation improves.
3. The exact distance learning mode for each class will be communicated by your departments.
4. Distance learning will allow you to learn from home and avoid loss of learning time. Although there are technology access costs, you will save on accommodation and travel.
5. Course registration will be carried out without face-to-face interactions and payment of fees begins immediately and should be completed before **27th April 2020**.
