

AMREF INTERNATIONAL UNIVERSITY

Directorate of Shared, Common and Continuing Professional Development (DiSCC)

CPD-Certificate Course Schedule for 2025

Amref International University recognises that human resources are a fundamental driver of development. To ensure optimal performance and productivity within any organisation, it is essential to enhance capacity through relevant training programs. Such training significantly improves staff knowledge, skills, and competencies, enabling individuals to perform their roles more effectively. Furthermore, investing in staff development is a critical prerequisite for bolstering an organisation's ability to fulfil its mission over time and increasing the likelihood of positively impacting individuals and communities.

Amref International University is well-positioned to design and conveniently offer up-to-date professional courses through a blended mode that considers potential consumers' work environments. As a preferred partner in capacity building through training, Amref International University is dedicated to collaborating with institutions and individuals to help them achieve their professional aspirations and realise their full potential. With the capacity to tailor the course content and deliver to the client's needs, we have institutions and individual clients well covered.

🦋 Exciting Opportunity Alert! 🦋
